Subject: IDPH QMP

It's come to my attention that the IDPH QMP has not been signed. The QMP was submitted as a consolidated QMP for all of IDPH. Due to a glitch with the water division approval process, we need you to submit a QMP that only includes Pesticides, Lead, Asbestos, TSCA. The QMP that you submitted does not need to be re-done, just remove any references to the other programs and resubmit. We will not be able to fund the FY21 PPG if we do not have the QMP.

If you have any questions, please contact me or Larisa Leonova.
